Collaboration Resources on AchievetheCore.org

You can find a variety of tools on Achieve the Core that support collaborative work and learning among educators.

Professional Development Modules

achievethecore.org/PD

There are over twenty ready-to-use modules on Achieve the Core covering topics associated
with understanding and implementing the Common Core State Standards, including how to
create your own instructional materials. Each module includes PowerPoints, instructions for
facilitators, hands-on activities, and all the necessary resources for conducting professional
development for alignment to the Common Core.

Development
to understand
& implement
CCSS!

Common Core Knowledge & Practice Survey achievethecore.org/ccss-survey

- Reflect on your instructional practice and understanding of the Common Core with this 30 minute-long survey designed for use in PLCs.
- The Knowledge & Practice Survey facilitates individual and group learning, and conversation about what support teachers need to implement the Standards
- The Knowledge & Practice Survey is available for both ELA/ literacy and math for K-2, 3-5, 6-8, and High School grade bands.

Planning & Reflection with the Instructional Practice Guide Suite

Coaching Tool

achievethecore.org/coaching-tool

Use the Coaching Tool to observe instances of Common Core-aligned instruction and provide feedback to colleagues. Organize trainings on the Coaching Tool and its relation to the Standards to build experience with the Standards.

Beyond the Lesson Discussion Guide

achievethecore.org/beyond-the-lesson

This discussion guide facilitates meaningful, actionable one-on-one conversations that support teachers in aligning their instructional practice. Use these questions to reflect on the evidence of alignment, identify opportunities for improvement, and discuss resources that support growth.

Lesson Adaptation and Text Set Creation

Make aligning your instructional materials engaging, collaborative work with modules on Achieve the Core. Organize lesson adaptation and creation trainings with colleagues to deepen understanding of the Common Core Shifts and develop aligned instructional materials that better serve your students. Join the Edmodo groups for each project to extend your collaboration beyond your colleagues.

- Anthology Alignment Project: achievethecore.org/AAP
- Basal Alignment Project: achievethecore.org/BAP
- Read Aloud Project: achievethecore.org/RAP
- Text Set Project: achievethecore.org/textsets

Use Achieve the Core lessons as exemplars as you create or adapt your own materials with colleagues.
