Dear Parent,

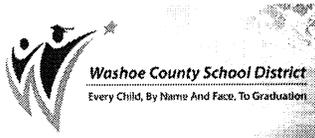

Washoe County School District has been selected by the Helmsley Charitable Trust to participate in an important study that I am leading to document how distinguished teachers across America effectively prepare children to succeed under new standards for learning that your state has adopted, known as the Common Core State Standards. Our project is called *Teaching the Core*.

As part of the *Teaching the Core* project, we will videotape a select number of teachers who have been determined to be "distinguished" by the district using my *Framework For Teaching*. We will videotape these teachers as they teach their daily lessons in a non-intrusive manner, without staging or interruption. The videotapes we collect will be made available at no cost on a secure website that we are developing, so that any educator can learn more about how distinguished teachers prepare and deliver high quality instruction.

Your child's teacher has been selected as one of the distinguished teachers to be videotaped as part of this project. The district and I need your permission to allow your child to appear in these videos. To that end we are jointly asking that you read and sign the attached Student Release Form.

Assuming you have no objection to this project, please sign and date the form and return it to your child's teacher.

Sincerely,

We sincerely appreciate your willingness to share your expertise with other educators.

Signed,

Charlotte Danielson

### GENERAL RELEASE FORM

#### Introduction

The Danielson Group seeks to advance the understanding and application of Charlotte Danielson's Framework For Teaching (FFT) in the educational community, connect educators' understanding of the FFT to other areas of knowledge, and enhance the professional practices of all educators, so as to positively impact student learning. In the upcoming weeks, a small camera crew will record an interview, training, classroom lesson, or other activity. The video recordings, photographs, and class work will be used by the Danielson Group, and those authorized by it, for the professional development of teachers, school leaders, and educators, and for related teacher assessment, training, and research purposes.

#### Privacy

These recordings made in the classroom are intended for educational, professional development, and research purposes. I understand that these recordings may be deemed educational recordings under the Family Educational Privacy Rights Act and I consent to their release and use as set forth herein, and that the videotapes and photographs will not be disclosed to or viewed by anyone else unless such disclosure is permissible under applicable laws.

#### Agreement

I give permission to the Danielson Group, and those authorized by it, to videotape, photograph, and record in any medium my likeness, voice, and work for the purpose of research, assessment, training, and professional development of teachers, principals, and education professionals, in connection with the promotion of excellent teaching.

I grant the Danielson Group, and those authorized by it, the exclusive rights throughout the world and in perpetuity, to use my likeness in these recordings (using the Internet and other media) for educational, research, commercial, and promotional purposes pertaining to teacher professional development and related activities, in any and all media now or hereafter known, including but not limited to the Internet.

Dear Distinguished Educator,

Washoe County School District has been selected by the Helmsley Charitable Trust to participate in an important study that I am leading with my distinguished colleagues at Student Achievement Partners, a non-profit organization founded by three of the contributing authors of the Common Core State Standards (CCSS) to document how distinguished teachers are working to effectively implement the Common Core State Standards. The project is called *Teaching the Core*.

As part of the project, my organization, the Danielson Group will conduct a field trial of the Framework for Teaching Evaluation Instrument (FFT) and the CCSS Instructional Practice Guides -- a new instrument developed by Student Achievement Partners to support teachers in implementing the instructional shifts called for by the CCSS -- in select Washoe County classrooms.

Another goal of the project is to create a high quality, digital, video archive of distinguished teachers effectively instructing students with practices that lead to their mastery of the CCSS. I have contracted with a team of video producers, who will work with members of my Danielson Group to videotape teachers, who volunteer to participate in the project. Teachers will be invited to participate based upon the expertise they demonstrate at implementing the CCSS in their classrooms. Teachers who agree to be videotaped will be asked to do the following:

- Provide their e-mail address and cell-phone numbers in order to coordinate the videotaping with the designated production lead;
- Communicate with the production lead to coordinate the date, time, location and content of the lesson to be filmed;
- Sign the attached General Release Form;
- Collect the attached Student Release Forms from every student that will appear in the class on the day of filming;
- Collect the name of any student whose parent(s)/guardian(s) do not wish them to be filmed;
- Complete the Pre-Video Checklist that *Teaching the Core* provides, prior to scheduling filming. Among other things, this checklist will allow you to identify the Common Core Standards that your lesson will address, and will remind you to collect lesson plans, samples of student work and other lesson artifacts for the videographers.

Recognizing the burden these tasks will impose on busy teachers' lives, teachers whose lessons are selected for the project will be eligible to receive a stipend of \$500, as permitted by law and district policy.

Should you agree to participate, video recordings of your teaching could appear in a collection of free online resources that will be widely available to educators around the world, with the express goal of helping all educators to better understand how to effectively implement the CCSS. There is no guarantee that if you agree to be videotaped, your lesson will ultimately appear in the *Teaching the Core* video collection. Only teachers who fully comply with the requirements set forth above will be eligible to participate.

We are reaching out to you because you have been recommended as a distinguished teacher, and as such, we invite you to participate in the project. Please review the terms of the General Release Form below, and if acceptable, sign and return it to us.

## **STUDENT RELEASE FORM**

### **Introduction**

The Danielson Group seeks to advance the understanding and application of Charlotte Danielson's Framework For Teaching (FFT) in the educational community, connect educators' understanding of the FFT to other areas of knowledge, and enhance the professional practices of all educators, so as to positively impact student learning. The Danielson Group recently received grant funding from the Helmsley Charitable Trust to study how highly effective teachers in select school districts are working to adapt their teaching practices to meet the requirements of the Common Core State Standards.

Washoe County School District is one of the districts participating in this grant-funded research project. As part of this project, professional videographers will be present in your child's classroom, videotaping and/or photographing your child's teacher at work, as well as videotaping, interviewing and/or photographing the students at work with each other and individually in class.

We hope you will choose to allow your child to participate in this project.
