

Reflecting on Actions to Implement the Common Core State Standards for Math

In developing action plans and metrics for implementing the Common Core State Standards, this framework can help guide the work of determining powerful first steps.

	<i>What it looks like/ sounds like when it is happening</i>	<i>Challenges to getting our school there</i>	<i>Opportunities we have that lay a good foundation</i>	<i>Early action – steps we can take right away</i>
1. Focus strongly where the standards focus.				
2. Coherence: Think across grades, and link to major topics				
3. Rigor: In major topics, pursue conceptual understanding , procedural skill and fluency , and application
