

## Students should bring their lunches?

~~I think they should bring their lunches because~~

~~The parents are tired of paying \$2.25 everyday~~

I think they should bring their lunches to school.

What if you are allergic to the food or if you have like a really bad allergic reaction. Or if you have a medical issue and you don't have your medicine. Some kids don't like the food and sometimes

skip lunch because of the food. Parents don't want to pay \$2.25 everyday for hot lunch. Th

That's why I think they should bring their own lunches to school.

## Why you should bring your own Lunch

I think students should be able to bring their own lunches to school. The reasons they should bring their own lunch is because if you have allergies you can control the things you eat. Also if you don't like the lunch they serve and you are very picky you can pack your lunch with things you will eat so you don't go hungry. These are the main reasons you should bring your own lunch to school.

## Why you should bring lunches

I think that students should be able to bring a lunch because they could have allergies to school lunch. The other reasons they should bring lunches is because parents had to pay \$2.25 that there kids didn't like to eat and for 180 days that parents have to pay for school lunches by the end of the year they would of payed alot of money.

That is why students should bring lunches from home.
